

Monday's Meeting: March 19, 2018

John Gorski

North American Science Associates

John Gorski is the President and CEO of North American Science Associates, Inc. (NAMSA). NAMSA is the leading global medical research organization specializing in regulatory consulting, laboratory testing and clinical research services to medical device manufacturers worldwide, from Fortune 500 firms to venture backed start-up enterprises. John's responsibilities include setting the mission, vision, values, culture and strategy of the company, building the management team and structure, developing and executing growth strategies, delivering quality and client service in operations, entering new geographic or technology markets, assuring regulatory compliance, improving support functions and achieving financial results. During his CEO tenure, John more than tripled sales and earnings (and number of employees), closed and integrated 3 acquisitions, completed 4 plant expansions, and opened offices in China and Germany to better serve clients.

John received his BA from Indiana University in 1987 and his Juris Doctorate degree in 1991 from California Western School of Law. He is part of the Board of Directors of Signature Bancorp, Inc., The Fremont Company, Young Presidents Organization and the Bio Ohio Board of Trustees. John is also the Chair of the Finance Council of St. Aloysius Catholic Church in Bowling Green and a member of the Toledo Opera Association Endowment Committee. John received the Entrepreneur of the Year award in 2011. He is also a competitive slalom water skier and enjoys snow skiing, playing tennis, traveling and spending time with his family.

Your Toledo Rotary Club Foundation Awards \$10,00 Grant!

Your Toledo Rotary Club Foundation recently awarded a grant in the amount of \$10,000 to Sunshine Foundation, Inc. Sunshine Communities supports men, women and children with developmental disabilities, offering residential, vocational and clinical support, as well as therapeutic and recreational programs. Sunshine provides transportation to individuals with developmental disabilities for both medical and non-medical purposes. This translates to doctor's appointments and check-ups and to/from home for employment, vocational services at Sunshine and more. Lucas County's Department of Developmental Disabilities began phasing out transportation for their clients during 2015 as part of an overall effort by the state of Ohio to be more effective with their budget. With more people to serve, there is a higher demand on places like Sunshine

to assist these individuals with their transportation needs. Sunshine's well-run Transportation Department has developed a reputation for on-time and safe service. A growing demand requires them to periodically replace older vehicles for continued safety and reliability. The grant awarded to Sunshine Foundation supported the purchase of a new ADA compatible bus to significantly upgrade their fleet to fully serve individuals with developmental disabilities in the Greater Toledo area.

Sunshine has provided transportation for the Family Care Homes and for those contracted with Sunshine for Day Habilitation services for more than 30 years. Sunshine has in the past purchased buses or vans sized to the particular house or function that was to be served. Sunshine's need to purchase additional and replacement vehicles is to rationalize their fleet better. By purchasing a more universally deployable van or bus, the vehicle won't have to be tied specifically to the house it primarily serves. It can accommodate a wide variety of needs and locations throughout the year and around the Sunshine organization. If it isn't needed at a particular house that day, it can be used for a field trip to the Zoo, attendance at a Mud Hens game, MT and the like. The need to purchase new vehicles also comes from the fact that the vehicles they were operating were over 10 years old with 100,000—200,000 miles on them. Because of the high mileage and age of the vehicles, regular maintenance challenges have been arising, making it difficult to find replacement parts.

Sunshine's mission is to create community among people with developmental disabilities, their families, friends and staff.

WELCOME NEW MEMBER:

Low Rosenbloom!

Low Rosenbloom was born in northern
New Jersey about 30 minutes from
Manhattan. At the age of 15, Lew's
family relocated to Cincinnati, Ohio
where Lew graduated high school.
From there, Lew went to Kent State
University studying Photojournalism
for 3 years and finished school at the University of Cincinnati.
After college, Lew began his Newspaper career in Middletown,
Ohio as a staff photojournalist.

Lew met his wife Connie, in Middletown and they were married
at a Country Club in West Chester, Ohio. Connie began working
at the Club as the Member Relations Director soon after they
were married. Lew noticed that the Club was falling into poor
management and that is when Lew decided to move into the
Private Club industry.

Lew and Connie began working to create a new Private Country
Club. Lew gained invaluable experience and his mentor, educat-
ed him and introduced him to the *Club Managers Association of
America* where he has been a member for 17 years. Lew served
as Board member and Vice President of the Ohio Valley Chapter
of CMAA. The chapter spans Ohio, Indiana, Kentucky and West
Virginia. He also works on various national committees of CMAA.

After 3 years as an assistant Club Manager, Lew took his first
General Manager/COO position of NorthStone Country Club in
Charlotte, North Carolina. After 3 years, Lew was named the
COO of Heritage Club in Mason, Ohio and was able to move back
home with his wife who had stayed in Ohio. During his 8 year
tenure at Heritage Club, he was instrumental in leading the Club
through strategic planning and an ultimate \$3,000,000 clubhouse
renovation that brought the 5 year plan to successful fruition.

In March of 2017 Lew was named COO and General Manager of
Toledo Country Club. The allure to Toledo Country Club was the
unique opportunity to lead a century old club after accomplish-
ing the startup of a new club, and updating of a 20 year old club.
The excitement of working towards revitalizing the 120 year old
Toledo gem on the Maumee River has driven him to engross
himself in the community to learn and continue the Club's paral-
lel history with the City of Toledo. Rotary Club of Toledo was the
first step. Lew is looking forward to not only learning from this
great organization, but hopefully giving back to the community
at the same time.

Lew and his wife Connie moved into a home in Maumee in late
October of 2017.

Steve Bailey

National Management Association

Steve Bailey said there are 5 ways leaders can have an impact. The first is your knowledge and skills, which is more than just technical skills—communication is a key skill. Another way to be a leader is to have a sense of perspective. Instead of just managing people, you need to explain your vision and motivate others. The third way for a leader to have impact is to have a positive attitude at work. Change can be a good thing, don't operate emotionally, but instead embrace change and what it can do for you and your workplace. In order to have impact as a leader, you must also continue to learn. Self-development of a leader is central to the development of the whole organization. To have impact as a leader you must also recognize that emotions play a large role in thought, decision making, and individual success. Emotional intelligence is a skillset in which a leader can control their impulses, have self-motivation, empathy and social competence. Bailey's summarization of a leader is a person who can inspire and engage others and shares their power. They demonstrate personal character by fostering relationships, modeling integrity and building trust. A leader builds teams, nurtures creativity and in turn delivers results. A leader also sets direction by envisioning the future and sharing their visions.

INTERACT MOCK INTERVIEWS

Monday, March 19: Young Men of Excellence (Waite H.S.)

Monday, March 26: St. Francis InterAct Club

Monday, April 23: Toledo School for the Arts

These one-hour interviews achieve several things:

- A. It offers high school students the chance to meet business leaders in their community in a professional environment.
- B. They have an opportunity to gain tremendous insight into their own journey ahead while seeing the possibilities in their own community.
- C. Rotarians have the chance to serve our young adults, offer insight from our own experiences and, above all, encourage the principles of our four-way test.
