**RON MATTER,
CAREER PATHWAYS & QUALITY
TRAINING PROGRAMS DRIVE
WORKFORCE DEVELOPMENT**

Ronald Matter is the superintendent of Penta Career Center, a career-technical school for high school and adult students, located in Perrysburg Township. He has held this position since 2009. Matter first joined Penta Career Center in 2005 as the assistant superintendent. Prior to Penta, Matter served 14 years in administrative positions with the Northwood Local School District in Northwood, Ohio.

A skilled workforce, and the requisite training needed for its growth, must be the cornerstone for continued economic development throughout our region. The career pathways for this to happen must get beyond a four-year degree for all approach, which for too many, and for too long, has been the default link to future success for our young adults. Career Tech Pathways are a valuable and critical option for the in-demand workforce needs as well as post-secondary opportunities.

Pedro, who is from Piracicaba, Brazil, is a junior at St. Francis. He loves sports, especially basketball. Pedro is currently on the SFS football team. Pedro would like to expand his knowledge and his circle of friends. He wants to learn new things, make new friends, and experience our culture. He is studying with purpose, as he plans to be a doctor. Pedro also plays the guitar and drums. He is the oldest of two siblings from a close-knit family.
