Rotary on the Road

Pat Bowe

CEO, The Andersons

Pat Bowe is President and CEO of The Andersons. Pat is serving as the fifth CEO, in the 70-year history of The Andersons and, he is the first CEO who is not an Anderson family member.

Prior to joining Andersons, Pat served as Corporate Vice President of Cargill, Inc., and as one of the leaders of the company's Food Ingredients and Systems Platform since 2007. Pat was President of Cargill's Corn Wet Milling Business from 1999-2007. Prior to becoming the division president, he held various senior management positions including: VP/GM for the Blair, NE Corn Milling facility, and VP/GM for the Corn Milling Business in Brazil. Prior to joining the Corn Milling Division in 1998, Pat managed the copper trading desk for Cargill Metals Division, and worked as a trader and analyst for Cargill Investor Services at the Chicago Board of Trade. In addition to his Cargill experience, Pat also worked as a cash grain merchant for Louis Dreyfus Corp. in Springfield, IL, and Phil O'Connell Grain Co., in Stockton, CA. His experience, paired with Pat's character and personal value system, is a strong cultural fit for The Andersons.

Pat has served on the Board of Directors for Schwan's Home Service, Inc., where he was chair of the Risk Committee and on the Finance Committee. He has served as Chairman of the Board for Fabcon, Inc., and also served on the HR Committee. Pat also served on the Board of the Minnesota Orchestra, where he was the Chair of the Finance Committee.

Pat graduated from Stanford University with both a Bachelor's and Master's degree. He played football for Stanford, where he was a First Team Academic All American tight end. Pat and his wife, Mary Louise, have six children. The Andersons is delighted to have Pat as part of their company, as well as the local community. His ethics, values and service mindset are a perfect fit for the company, and for Northwest Ohio.

Your Toledo Rotary Club Foundation Donations at Work

Josina Lott Residential & Community Services was awarded a grant in the amount of \$5,199.85 from the Toledo Rotary Club Foundation. The grant money was used to purchase a new couch and love seat for their Adult Day Habilitation Services at River Crossings. Josina Lott has established a program that provides rehabilitation and vocational opportunities for individuals living with disabilities. This encourages them to foster personal growth, while learning valuable skills. Michael Malone, Executive Director of Josina Lott, accepted the check from Foundation Trustee Carol Bintz.

Honoring our Veterans

Profiles of courage and sacrifice

UBS is pleased to present an evening with Colonel David W. Sutherland.

Colonel Sutherland is a highly decorated veteran with 29 years of active duty in the US Army. He also happens to be a native of Sylvania, Ohio. During surge operations in Iraq, Colonel Sutherland and the thousands of troops under his command beat back Al Qaeda and other insurgents which turned the tide in the war. At present, Colonel Sutherland is an advocate for military veterans, their families and families of the fallen. He is also President of the Sutherland Partnership. In this role he helps organizations like UBS succeed by creating ethical leaders and engaging cultures.

Colonel Sutherland will share profiles of courage and stories of sacrifice from the battlefield, while inspiring us to tap in to the "capacity for greatness" that he believes lies within us all.

Thursday, November 2nd

The Renaissance Hotel
444 North Summit Street

6:00pm – 6:45pm: Complimentary hors d'oeuvres

The Toledo Jazz Orchestra Presents

VETERANS' SALUTE

Saturday | November 11 | 5PM | Valentine Theatre

Don't miss this musical opportunity to show our veterans how much they mean to us! The Toledo Jazz Orchestra Big Band presents a "Live World War II Radio Broadcast" with celebrity announcer Bill Harris this Veterans Day, November 11. The band will perform the songs and patriotic music of the era in honor of our veterans, in this special "early bird" 5pm performance at the Valentine Theatre in downtown Toledo.

Tickets are \$25 and \$35, with group discounts available. Call the Valentine Theatre box office at 419-242-2787 to purchase tickets. All attending Veterans will receive a free flag lapel pin. Honor a vet by bringing him or her to this special Veterans Day concert!

THANK YOU FOR YOUR SERVICE

WELCOME NEW MEMBER: Candice Harrison!

Candice L. Harrison is the Director of Communications at the Toledo Museum of Art. She is a native Toledoan, and a proud graduate of Central Catholic High School. Harrison received a bachelor's degree from the University of Toledo in 2001, and earned her master's degree in communications in 2014 from Spring Arbor University.

She most recently served as senior communications manager for the Toledo Zoo and Aquarium. Prior to that, she was director of the School Hubs Initiative at Scott High School, where she was involved in fundraising, community engagement projects and special-event planning. Harrison was presented a Toledo 20 Under 40 Leadership Award in 2014. She also received the Top Community Voices Award from the United Way of Greater Toledo in 2013, in recognition of her extensive community involvement. Her many activities include: serving on the University of Toledo Alumni Association Board of Trustees, the Leadership Toledo Board of Trustees, and the African-American Leadership Council of United Way of Greater Toledo (AALC). Through her work with AALC as communications chair and a member of the scholarship committee, she has helped to improve the areas of education, income, and health of African-American families in the Toledo region. Candice also serves on both the Public Relations Society of America and Press Club boards, and is a member of the Toledo Chapter of The Links Inc., and Jack and Jill of America Inc.

Candice is married to Brandon, a detective with the Toledo Police Department, and has an 18-year-old college freshman son (Tre'), and 9-year-old fourth grade daughter (Brooklyn). In her limited free time, Candice likes spending time with her family and serving her community. Also, as a recent convert to Netflix, she likes to binge watch her favorite shows.

Candice's biggest pet peeves are people who are dishonest, and people who chew with their mouths open.

Thomas Schwann

Cardiothoracic Surgery

Sudden cardiac arrest is the most common cause of death in the US and Canada, with 92% of the victims dying before even reaching the hospital. Dr. Schwann explained the two categories of mechanical devices used to treat these problems—both short term and long term devices. Extra Corporeal Membrane Oxygenation (ECMO) devices are used to treat sudden cardiac arrest. These devices oxygenate the patient's blood outside of the body, then recirculates it through the heart when the heart and or lungs fail. Using ECMO has a 35% success rate at hospitals, if the patient makes it there. For people with congestive heart failure, long term devices are used. There are ways to treat with medicines, internal defibrillator's and pacing devices, but these patients still have a 76% six month mortality rate. Heart transplant patients have a 50% 10 year survival rate, however the supply for transplants is much less than demand. Doctors are using more mechanical options now, the biggest success rate found with the Heartmate II—which is implanted internally and give the patients much more freedom. Advanced heart disease, or coronary artery disease, causes around 370,000 deaths/year. At UTMCM they practice Innovative coronary bypass surgery. With this disease, plaque occurs in blood vessels in the part of the heart that delivers oxygen to the rest of the cells of the heart, resulting in a heart attack. They have found that with coronary bypass surgery, if they use arteries—as opposed to veins—from elsewhere on the patients body and transpose them into the heart, the mortality and long term survival rate increased in patients. The reason for this, Schwann said, was because artery grafts don't accumulate plaque as quickly as vein grafts, decreasing the risk of another heart attack.. Dr. Schwann said the most important thing that people should remember is, if they see someone go into cardiac arrest or shock to immediately begin CPR. This act alone can immediately increase the rate of the patients survival.

We Welcome Guests at Rotary!

When bringing a guest to the Monday program, please sit at one of the tables marked "Guest Table".

There will be two designated tables near the floor mic each week for Rotarians and their guests. Come enjoy the program and get to know your future, fellow Rotarians!

HAPPY HOUR AT THE HEIGHTS!

Thursday, October 26

5:00—7:00 pm

The Heights
At The Renaissance Hotel

Join fellow Rotarians tonight, Thursday, October 26, from 5:00-7:00 p.m. for a happy hour event at The Heights, in the New Renaissance Hotel downtown!

This networking event is meant to provide a relaxed environment for new and prospective Rotarians to learn more about the Rotary Club of Toledo and how they may get more involved.

We will also be focusing on building our 'Under 40' membership during this event. **Current 'Under 40' members are encouraged to invite at least one prospective young professional to attend the happy hour with them.**
