APRIL 11, 2019 | 107TH YEAR | ISSUE 192

**MONDAY,  
APRIL 15, 2019**

**DR. WAYNE DORNAN,  
HOW I SURVIVED  
BREAST CANCER**

Every three minutes, a woman in the United States is diagnosed with breast cancer. Although more and more men and women are surviving breast cancer, it is still a very frightening diagnosis, and your life is absolutely turned upside down when you are told you have breast cancer. I wrote a book of hope and inspiration. I wrote it for both men and women, and I believe that thousands of women and men will be helped by all the information in this book. I decided that I would embrace my diagnosis and not be intimidated by it. I would take this diagnosis head-on; I wanted to feel empowered and not helpless! I want both men and women who read the book to understand that although it's not easy, you have to maintain a positive attitude about your diagnosis, treatment, and prognosis and fight it every day. You can never give up. Lastly, although our lives will never be the same, there are tons of breast cancer survivors out there. So my advice is to live your life to the fullest and become an inspiration to other breast cancer survivors.
