

TOLEDO ROTARY SPOKE

April 16th, 2020 | 108TH YEAR | ISSUE 233

MONDAY APRIL 20TH, 2020

Dr. Cheryl McCullumsmith, UTMC
SAVING THE WORLD: Overdose,
Suicide & Covid-19

This Monday please join us when fellow Rotarian Dr. McCullumsmith from UTMC will address the ground breaking community based research on opioids, suicide and Covid-19 being conducted at the University of Toledo Department of Psychiatry.

As Professor Director, Consultation Liaison Service and Chair, Department of Psychiatry at UT, Cheryl has spent years researching the study and treatment of mental illness, emotional disturbance, and abnormal behavior which can be applied to the mental effects from the Coronavirus. She is qualified to assess both the mental and physical aspects of psychological problems resulting from "Shelter in place" as well as the death threat of the rapidly spreading virus.

Dr. McCullumsmith began her studies at the Massachusetts Institute of Technology, Cambridge, MA, in 1989 where she received her Bachelor of Science Physics degree. At the University of Michigan, she received her Neuroscience PhD in 1999 followed in 2007 by her MD with Honors in Research. During this time, she also received her Psychotherapy Training Certification from the Michigan Psychoanalytic Institute, a premiere training institute for psychoanalysts in the United States.

Dr. McCullumsmith lives in Sylvania and has five children including a set of triplets!

LOCAL COMPANY DONATES MEDICAL SUPPLIES

We are proud to give a shout out to the Rudolph Libbe Group who has generously provided the following items to our local heroes who are working on the front lines of the COVID-19 pandemic.

- 2 Rudolph Libbe Group homemade COVID Intubation boxes to St. Luke's
- 2 Rudolph Libbe Group homemade COVID intubation boxes to UTMC
- 200 N95 face masks to Mercy
- 200 Tyvek suits to Mercy
- 20 N95 face masks to the Lake Township Fire Department
- 1 dozen pair of goggles & 2 boxes of Tyvek suits to St. Vincent's
- 500 10-mil report covers for making face shields for healthcare workers

Ford Motor Company asked the Rudolph Libbe Group to install equipment at Flat Rock Assembly Plant to enable workers there to build medical respirators using a seat blower from the Ford F-150. This equipment is a collaboration between Ford, GE Medical and 3M. With RLG's Site Management staff working closely with Ford production personnel as planning developed, RLG self-perform crews were able to react quickly to ready the assembly areas. They plan to go into production this week.

GIRL SCOUTS OF WESTERN OHIO

Area Girl Scout troops have lost an average of \$900/each in sales which were to be used to support their goals and activities because they have been unable to complete their cookie campaigns. Girl Scouts of Western Ohio, is projecting a \$1 million loss their largest annual revenue source. This will impact the services they are able to provide to over 37,000 girls – things like financial aid for girls to attend camp, training for troop leaders, and valuable online resources for volunteers. Businesses can help with this shortfall by ordering at least four cases or more of cookies. The purchased cookies can be donated to first responders or other important groups/programs, they can be given to employees and clients as thank you gifts as well.

Here is some info you can use for our Business Bosses Supporting Cookie Bosses program:

<https://www.gswow.org/en/cookies/business-bosses-supporting-cookie-bosses.html>

Here is the link where people/businesses can place orders:

TAPPED419

Some of our fellow Rotarians provided some welcomed treats for our local healthcare heroes and first responders. On Wednesday, partners Hondros College of Nursing, Ladder 419 and Thread Marketing Group provided over 300 healthcare workers free root-beer floats in the St. Luke's Hospital parking lot. Shout out to Kevin Mullan for the coordination and sharing his awesome fire truck!

DAVE CORWIN OF TOLEDO JET & BRENT COUSINO

Just a week ago Dave Corwin owner of Toledo Jet and Brent Cousino brought in 120,000 PPE's for local healthcare workers and yesterday they brought in ANOTHER 400,000 masks from Mexico to Toledo! Thank you gentlemen for helping to protect our healthcare heroes!

MONDAY, APRIL 6TH RECAP

US SENATOR SHERROD BROWN

Since January of 2007, U.S. Senator Sherrod Brown – a champion of middle-class families in the Senate – has held more than 300 community roundtables across Ohio's 88 counties with students, local leaders and business owners, entrepreneurs and educators, workers and families to find ways to rebuild our economy.

[Watch Meeting
Video HERE](#)

Senator Brown shared the most up to date information regarding the Coronavirus Pandemic. The Senator discussed small business opportunities during COVID-19 as well as issues surrounding testing and PPE's for our local health care workers. Senator Brown addressed questions about the Paycheck Protection Program and about the Economic Injury Disaster Loan programs offered through the Small Business Administration during the Coronavirus crisis. During our Zoom meeting, Rotarians were afforded the opportunity to speak very candidly with the Senator about issues surrounding this unprecedented international crisis.

Described as "Congress' leading proponent of American manufacturing," Brown supports a national manufacturing policy that would invest in manufacturing innovation, strengthen our component supply chain, connect workers with emerging industries, and align our trade policies to promote our national interests. He is also working with Ohio's universities, entrepreneurs, and community stakeholders to use Ohio's resources to create new jobs in high-growth industries and make Ohio a national leader in clean energy manufacturing

Prior to serving in the United States Senate, Brown served as a United States Representative for the 13th District, Ohio's Secretary of State, a member of the Ohio General Assembly, and has taught in Ohio's public schools and at The Ohio State University. An Eagle Scout, Brown is a native of Mansfield, Ohio, where he spent summers working on his family's farm. He is married to Pulitzer Prize-winning columnist Connie Schultz. They reside in Cleveland, Ohio, and have three daughters, a son, a daughter-in-law, three sons-in-law, and seven grandchildren.
