

# TOLEDO ROTARY SPOKE

MARCH 21ST, 2024 | ISSUE 392

## MONDAY, MARCH 25TH

Adam has been involved in community engagement, environmental education, and sustainability for nearly 20 years. Since becoming the Executive Director in 2018, he has been busy building collaborative partnerships, increasing community impact, and developing new initiatives focused on litter reduction and recycling. Staff management, grant writing and development, and overall strategy for mission fulfillment take up most of his time, though he may also be seen picking up litter, collecting hard to recycle materials, giving a presentation, or even puppeteering.

Many thanks to Adam for filling in for us this Monday! Our original guest speaker from the FBI is unable to attend due to unforeseen circumstances, but we will be rescheduling him for a future program.

We will be back in our normal Ballroom for Monday, March 25th. Guests are welcome and encouraged.

This full-day event will feature relevant sessions and facilitate discussions around topics like healthcare access, social determinants of health, cutting-edge technology impacts and other challenges facing our communities. By bringing together thought leaders in both the medical education and clinical healthcare fields to address these, and other issues, we can positively impact the future of healthcare.

***Our friends and fellow Rotarians at UTMC are offering a discounted rate for Rotarians to attend at half price! As this year's Rotary International theme is mental health centered, we know there is great value in this event.***
